

# Basic Installation Notes

## Biotechnology 15-Activity Module

---

### Applied Technologies Software

1. *Media Cruiser* Program CD (ver. 7.x or higher), accepting all defaults

Note: When installing the *Media Cruiser* Program CD, you may be prompted to restart the computer after installing *Acrobat Reader*. Do not do so until the *Media Cruiser* install is complete.

2. *Media Cruiser* Biotechnology Module CD, ID 700, accepting all defaults

### Third Party Software

#### *Eyewitness Encyclopedia of Science*

1. Install *Eyewitness Encyclopedia of Science*, accepting all defaults.
2. Locate the Biotechnology Module CD, and double-click the DK\_Update\_Win2000\_XP folder.
3. Navigate to WING10\DISK1 and run Setup.exe.
4. Back up to the screen where you see the contents of the Biotechnology Module CD, and double-click the DK\_XP\_Fix folder.
5. Double-click the SP1fix.exe file.

#### *Exploring Genetics and Heredity*

1. Install the *Exploring Genetics and Heredity*, accepting all defaults.
