

ACTIVITY 2

Overview

In this activity you will meet the following objectives:

2-1. Watch several videos that will explain:

- the layout of the *Mastercam* screen
- how to select commands including how to open a file
- how to change what is shown on screen
- how to change your view of a drawing
- how to draw shapes and change settings

2-2. Complete a quiz based on the information you discovered in the videos.

STEP 1

Inventory

As you will quickly learn, every activity begins with an inventory of the module.

If necessary, launch *Media Cruiser*, log in, and click **Lessons**, **Activity 2**, then **Inventory**.

Once you have located the various items on the list, click Yes.

If you are unable to find an item, click No. Report any problems, such as missing or damaged items, to the instructor.

When you are finished, click Score It.

STEP 2

Vocabulary

The key terms for this activity are listed below. Remember to look for them as you complete your work, and record the definitions as you have been instructed:

6. menu area
7. toolbar
8. levels
